

## Un viaje a España

Create a minimum of 3 slides for the class slide show. You will be given a site or tradition from somewhere in Spain based on my upcoming trip to Spain next spring. You are required to create a slide with a title and one or two large pictures. Then, you need a second slide needs a simple explanation in two sentences in Spanish and two pictures again. You need a third slide with something interesting that you would like to witness or experience—picture & labels (in Spanish again). In addition, your slides must have citations with the URLs of origin. Then, you need to write up 1-2 paragraphs in English on what you learned and add that to the class document.
