

## Reflexive Verb Slideshow

Create a slideshow of your day with at least 12 activities (12 separate slides) that you do most days. Each slide needs to include a picture and a caption of at least 10 words (1-2 sentences). There are several specific requirements as well.

The title slide should read “Un día en la vida de...” & the final slide should be your credits, “Hecho por:”. At least **half** of your verbs should be reflexive verbs! You have to use your own pictures (but they can be of objects rather than you doing activities for some if that’s better. Consult the gradesheet for what you need to include!

Gradesheet:
